MR. MARIO P. CUÑADO

Regional Director

Department of Information and Communication Technology (DICT)

Caraga Region XIII

Dear Mr. Cuñado,

I am writing to respectfully request the provision of free internet connectivity for Mabuhay Elementary School, located in Mabuhay, Pilar, Surigao del Norte. As we strive to provide quality education under the MATATAG Curriculum, access to reliable internet has become a vital tool for both teachers and pupils.

The integration of technology in education is indispensable in today's digital age, particularly in remote areas like ours. Free internet access will not only enhance our teachers' ability to implement more engaging and interactive lessons but will also significantly improve our pupils' exposure to vast learning resources, enriching their academic experiences and language proficiency, especially in English.

Moreover, free internet will help the school's administrative staff in fulfilling various responsibilities more efficiently, from online communication with DepEd to managing essential records and reports. It will also support the continuous professional development of our teachers through online seminars, workshops, and training that contribute to the quality of education we provide.

We believe that this initiative aligns with the Department of Information and Communication Technology's goals to bridge the digital divide and provide equal opportunities for all schools, regardless of their location. Your support in providing this crucial resource will have a lasting impact on the students, teachers, and the entire community of Mabuhay Elementary School.

Thank you for considering our request. We would be grateful for any assistance you can extend. We look forward to your positive response.

Sincerely,

Noted,

CHRISTOPHER C. SALVALOZA
