Sir,

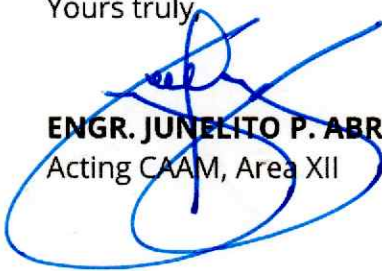

This is to respectfully endorse the request of one of Area XII's satellite airports, with regards to the provision of WIFI service at Siargao Airport. We are fervently hoping that you could consider the said area on your next ICT infrastructure project.

Attached is a copy of the letter request from Siargao Airport's Acting Airport Manager, for your information.

Looking forward for your favorable feedback in this regard.

Thank you.

Yours truly,

ENGR. JUNELITO P. ABRAZADO
