Dear Director Cuñado,

Greetings!

Cabrera-Altres National High School, located in Brgy. Bonifacio, Surigao City, respectfully seeks consideration as a beneficiary for the WiFi for All program initiated by the Department of Information and Communications Technology (DICT).

As educators focus on shaping the future generation, we understand the pivotal role technology, especially internet connectivity, plays in modern education. We believe that access to WiFi will significantly enhance the learning experience for our students and educators, empowering them with vast digital resources and fostering a more dynamic and innovative educational environment.

We kindly request your esteemed department's consideration for our school to be included in the WiFi for All program. We are confident that this initiative will not only benefit our institution but also contribute positively to the broader educational landscape.

Thank you for your attention to this matter. We look forward to the opportunity to collaborate with you for the betterment of education in our region.

Sincerely,
