Dear Dir. Cuñado,

Subject: Request for Provision of Free Wi-Fi Service to San Isidro National High School

I hope this letter finds you well. I am writing to request the support of the Department of Information and Communications Technology (DICT) Caraga Region in providing free Wi-Fi service to San Isidro National High School.

San Isidro National High School is dedicated to improving the quality of education and ensuring that our students are well-prepared for the demands of the digital age. In line with this objective, we are keen to enhance our digital infrastructure to support both teaching and learning processes.

Access to reliable and high-speed internet is essential for integrating technology into our curriculum, facilitating research, and enabling communication among students and teachers. Unfortunately, our current internet resources are limited and insufficient to meet the needs of our growing student body.

We kindly request DICT Caraga's assistance in providing free Wi-Fi service to our school. This would significantly impact our ability to deliver quality education and bridge the digital divide within our community. We believe that such support would greatly benefit our students and enhance their learning experience.

We are hopeful that DICT Caraga can assist us in this endeavor and would be grateful for any support or guidance you can provide regarding the provision and installation of the Wi-Fi service.

Thank you very much for considering our request. We look forward to your positive response and are available for any further discussions or requirements needed to facilitate this initiative.

Sincerely,

REGAN L. DIGAL
