MARIO P. CUÑADO

Regional Director

DICT – Caraga

J. Rosales Avenue, Butuan City

Dear Director Cuñado,

Greetings of peace and progress!

First of all, the Municipality of Santa Monica would like to express our sincere appreciation for the contribution of DICT – Caraga in enhancing digital capacity of the local government and installation of public WiFi.

As we continuously commit for a more effective and efficient public service, one of our basic service arm department (Municipal Agriculture Office) has been experiencing difficulty in performing its digital transactions as the internet connection from the installed public wifi at the municipal compound hardly reach their office.

In this regard, we would like to request for an extension of Public Wifi Access Point to be installed at the Municipal Agriculture Office.

Looking forward to your affirmative response and continued partnership in ICT advancement.

Very truly yours,

ARWELA A. DOLAR

Municipal Mayor
