REGIONAL OFFICE ORDER NO. R-13-2024-101

Series of 2024

**SUBJECT : IMPLEMENTATION OF DICT CARAGA REGIONAL OFFICE
INFORMATION SECURITY POLICY V1.1**

DATE : 18 OCTOBER 2024

In the exigency of service and to safeguard the confidentiality, integrity, and availability of digital assets, personal data, and other sensitive information handled by the Regional Office, we hereby announce the implementation of the **DICT Caraga Regional Office Information Security Policy v1.1**, developed by DICT R13 - Computer Emergency Response Team (CERT).

This policy, attached to this order, represents our commitment to addressing the evolving and complex challenges posed by cybersecurity threats, reflecting a proactive and structured approach to security. Furthermore, this initiative is aligned with the **National Cybersecurity Plan (NCSP) 2023-2028** and **Executive Order No. 58**, which provide the framework for strengthening our national cybersecurity posture across all sectors.

Specific implementing rules and regulations (IRRs) for certain provisions within this policy, which require further details and context, will be released progressively. This staggered approach ensures that critical aspects of the policy are gradually adopted and fully integrated into our operations.

To support this phased implementation, the DICT R13 - CERT will provide continuous guidance and conduct regular briefings to ensure all employees are properly equipped and informed. This order directs all regional and provincial personnel to actively participate in this transition and cooperate fully with the DICT R13 - CERT as we strengthen our security posture.
